Dear Mr. DeVany:

The Town and Village of Waddington would like to request your support in Continental Connection's endeavor to provide new air service between the points of Massena and Ogdensburg, NY to Albany NY.

The new proposed service pattern would be of great benefit to our communities. Flights to and from Albany would provide a much-needed service to educational, industrial and health facilities. Convenient, affordable air travel is essential for the economic growth of the North Country.

With your support, I know we can make this proposal a commitment to the future of the North Country. Please help us get better connected.

Very truly yours,

William R. Greene
